## About Us :-

SUN ELECTRICALS was established in the year 1984, as an Electrical Engineering Contractors. With our hard work and sheer commitment, today, our organization is standing amidst the leading Electrical Contracting Service providers.

## **Company Profile**

SUN ELECTRICALS was established in the year 1984, as an Electrical Engineering Contractors. With our hard work and sheer commitment, today, our organization is standing amidst the leading Electrical Contracting Service providers. We offer services for Erection, Installation and Maintenance of AC/ DC, HT / LT Cable Termination Services, Overhead Line Erection Services, Liasioning Services, Street Lighting Service, HT/LT Cable Laying Services, Industrial Electrification Services, Switchyard Erection Services, Panel Erection Services, D.G Sets and others.

Apart from a team of dexterous professionals and employees, we also have other robust facilities in our organization. We make laborious efforts for quality management, due to which, we have received certification of being 'A' Grade Electrical Contractor firm in Maharashtra, India. Further, we are a trusted trader of electrical engineering works. We have done lot of projects including installation projects for various Government departments. Our valued clients include Public Work Department (PWD), BrihanMumbai Electricity Supply and Transport (BEST), Authority Airport of India (AAI), Indian POST, Municipal Corporation of Greater Mumbai (MCGM), and others. For our clients across electrical, engineering and other industries, we offer easy payment modes like cash and DD.

## **Product & Service Portfolio**

Our organization is counted amongst the distinguished Electrical Engineering Contractors of the domestic market. We are eminent in offering Electrical Contracting Services for erection, installation and maintenance of the same. Our portfolio comprises HT/LT Cable Termination Services, Overhead Line Erection Services, Liasioning Services, Street Lighting Service and HT Cable Laying Services. In addition to these, we also have Transformer, Street Lights and High Mast, which we supply and install.

Our products are second to none in quality and clients are services for being reliable and cost-effective. We adhere to strict quality procedures and norms in both our products and services.
